TEAM SELECTION POLICY SKILL ACQUISITION PROGRAM

Our Commitment

We believe that development pathways offered by our Club should be safe, enjoyable, inclusive and maximise individual development. Ultimately a young Player's enjoyment grows as skill improves and technique is developed. Our Club priority is developing young football Players to play with the right intent and to encourage creativity, perseverance and good judgement.

What we will do

- Emphasise to Coaches and Parents that the Skill Acquisition Program is about encouraging development over match results
- Adopt the Skill Acquisition Program playing systems, rule adjustments and development outcomes specified by FNSW with a view of creating a superior learning environment for promising Players during the skill acquisition phase of Player development
- Provide junior Players an opportunity to experience an enhanced football environment above that provided in community football
- Offer a development pathway for young Players to prepare for the technical and tactical challenges of National Premier Leagues NSW Competitions
- Provide junior Players with a broad range of development experiences such as participating in different positions as part of the learning environment
